**YOU'LL
BOTH
BENEFIT**

1

You Recommend

Through your expert instructions on proper care of the mouth, and through your recommendation of Py-co-pay Tooth Powder and Brush as helpful aids to clean teeth... healthy gums... fresh mouth—**YOUR PATIENT WILL BENEFIT.**

2

Py-co-pay Reminds

EVERY DAY Py-co-pay will remind your patient of you... through you he learned of these strictly dental products and their adjunctive importance to the correct brushing technique which you taught.

3

The Patient Remembers

Since (in being reminded of you through Py-co-pay) the patient will be helped to remember to visit you... for check-up, **YOU TOO WILL BENEFIT.**

Py-co-pay

TOOTH BRUSHES AND TOOTH POWDER

The Py-co-pay Tooth Brush is recommended by more dentists than any other tooth brush. It has a small head, containing two rows (6 tufts per row) of fine, firm bristles. Available with *natural* bristles or *nylon* in a complete range of textures.

- Py-co-pay Tooth Powder bears the seal of acceptance of the Council on Dental Therapeutics of the American Dental Association. It is refreshing... and cleans with the minimum of abrasion required to remove surface stains.

IN MUSIC... *contrast is desirable*

By the contrast of instrumental timbre, the contention of rhythm, and the use of opposing dynamic effects the spirit and brilliance of a musical score are revealed.

But this contrast which so enriches our musical masterpieces is the target for attack in prosthetic dentistry. Success in dental research is measured by reduced contrast in the development of denture materials to blend unobtrusively in the mouth. In this respect, LUCITONE has gone beyond hoped-for-goals.

Its soft, translucent coloring "borrows" life from the tissue it conceals. Against the natural gums it is nearly undetectable because it is indistinguishable. This "lifelike" identity is sensed by the wearer. It results in restored self-confidence.

Contributing to this feeling of confidence is the "neutral" character of LUCITONE. It is without taste and odor. It feels fresh. The mouth does not have to adapt LUCITONE through warmth or moisture. LUCITONE is at once a part of its environment.

Supreme Court Upholds License Revocations

**Far Reaching Decision Convicts Dentists Associated with
A.A.A. Laboratories**

On May 23, 1945, Mr. Justice Smith delivered the opinion of the Illinois Supreme Court which upheld the decision of the Cook County Circuit Court revoking the license to practice dentistry of four dentists associated with the A.A.A. Laboratories. They are Harry L. Basford, Harold F. Walker, Frank A. Buerstetta* and Harry J. Horwitz.

This is the first case to be tried in Illinois passing on the conduct of licensed dentists who are affiliated with advertising dental laboratories. The decision rendered signifies that a dentist who takes impressions to enable a laboratory to make and sell dentures to the public will lose his license. Because of the importance of this ruling and the wide interest this case has received the text of the Supreme Court opinion follows:

A.A.A. HEALTH CENTERS

"The record shows that at various locations in the city of Chicago, there was conducted certain so-called 'A.A.A. Health Centers.' These 'Health Centers' were occupied by A.A.A. Eye-Glass Company, A.A.A. Dental Laboratories, Inc., and one or more dentists. Appellant Basford owned and managed the dental office in each of the health centers. Ap-

pellants Walker, Horwitz, and Buerstetta, all of whom were licensed dentists, were employees of Basford, and each conducted a dental office in one of the health centers, under the direction and management of Basford. In each of the six so-called health centers involved in this case, there was a central entrance or doorway with display windows on each side of the entrance. The window on one side was used for the display of glasses by the eyeglass company. The other window was used by A.A.A. Dental Laboratories, Inc., for the display of dentures, pictures of dentures, pictures of smiling women, and signs giving the prices of the dentures. There was also displayed in the window a large sign reading 'AAA Dental Laboratories.' The A.A.A. Dental Laboratories, Inc., carried on an advertising campaign in the metropolitan press of Chicago.

"In each health center a receptionist was employed jointly by the eye-glass company, A.A.A. Dental Laboratories, Inc., and Basford. All three contributed to her salary. On the front door the words, 'AAA Health Center' appeared on the top half of the glass. Below was the name of a registered optometrist, the name 'Dr. Basford,' and the name of the dentist in charge of that particular dental office. Appellant Basford's name appeared on all of the doors.

*Deceased.

He testified that he was operating all of the dental offices in the health center. The name of each other appellant, assigned to the particular health center, appeared only on the door of the health center in which he was engaged in the practice of dentistry.

IMPROPER CONDUCT

"The charge of the complaint against each of the appellants was that the appellant named in the complaint was guilty of improper, unprofessional and dishonorable conduct in that he practiced dentistry in an office on premises where dental work and posters were exhibited, calling attention of the public to the fact that the appellant named in each complaint was engaged in the practice of dentistry in the health center; that he was professionally connected and associated with A.A.A. Dental Laboratories, Inc., a corporation holding itself out and offering prosthetic appliances and the services rendered in the construction thereof for sale to the public. The complaint in each case further charged that the said A.A.A. Dental Laboratories, Inc., advertised prices or fees for dental materials used and dental services rendered, and that said corporation furnished, supplied, constructed and offered to furnish, supply and construct, prosthetic appliances to users or prospective users thereof.

COMMON RECEPTIONIST

"The record shows that the receptionist in each of the health centers acted as such for the eyeglass company, the dentist and the A.A.A. Dental Laboratories, Inc.; that among her duties for A.A.A. Dental Laboratories, Inc., was the sale of dentures and entering into contracts with the public for the sale of dentures. When a person interested in the purchase of dental plates entered one of these health centers, in response to an ad or otherwise, the usual procedure was for the receptionist to take him into a booth called a salesroom. There,

samples of dentures were shown to the prospect, prices quoted and the advantages of the more expensive plates pointed out. After a sale was finally made and a contract for the purchase of the dentures entered into, the matter of procuring an impression by a licensed dentist was then suggested by the receptionist. The testimony offered on behalf of the department shows that after the denture was sold, the receptionist would direct the buyer to a dentist on the premises for an impression, without any discussion on the subject. The record justifies the conclusion that this was the practice followed in, at least, some of the cases. Appellants deny this. They claim that the buyer was informed that an impression by a licensed dentist was required and that the buyer was told that he could select his own dentist.

"After the impression was obtained, the A.A.A. Dental Laboratories, Inc., would send it to AAA Dental Laboratories, a partnership and a separate and distinct organization from the A.A.A. Dental Laboratories, Inc., the partnership would then construct the plate. The plates were not made by the corporation. They were made by the partnership. The plate was then returned to the corporation at the health center from which it was ordered, and the dentist would fit and adjust it in the mouth of the patient. The money for both the plate and the impression was paid to the receptionist at the time the sale was made. She would give a receipt on behalf of the dentist for the impression and a receipt on behalf of the A.A.A. Dental Laboratories, Inc., for the denture purchased. The receptionist collected and handled all the money paid by the customer, or patient. The standard charge of the health centers for the impression, which included fitting and adjusting, was \$5. The prices of the dentures vary.

BASFORD TESTIMONY

"Appellant Basford testified that he could not give an estimate of how many

impressions a day he would take. 'It is up and down. As fast as the girls sell them, I take the impression.' He further testified that he had nothing to do with the patients at all, that they were not his patients; that he takes the impressions for the A.A.A. Dental Laboratories, Inc.; that he takes the impression because the A.A.A. Laboratory needs one.' He further testified that he did some dental work on his own account, not connected with the laboratory; that the fee of \$5.00 for taking the impression is charged only to the patients of the A.A.A. Laboratories, Inc. For his own patients he made a higher charge. Similar testimony was given by the other appellants. As already observed, A.A.A. Dental Laboratories, Inc., does not make the dentures. It simply sells them to the public.

"In order to determine the character of the business engaged in by A.A.A. Dental Laboratories, Inc., it is only necessary to refer to exhibits in the record. These exhibits are designated in the record as consolidated exhibit 15. One of the advertisements published by A.A.A. Dental Laboratories, Inc., in the metropolitan press, shown by this exhibit reads, "World's Largest Makers of False Teeth with a Money-Back Guarantee of Satisfaction! *** Over 100,000 Satisfied Customers Can't Be Wrong! Repairs, One Day Service! Free Estimates.' Then follows the addresses of seven locations, including those involved in this case. At the bottom appears the words 'A.A.A. Dental Laboratories, Inc.' The ad also contains the words 'We make Dentures upon receipt of impressions and orders from Ill. Dentists only.'

"It is contended by appellants that selling the dental plates to the persons ordering them after they have been made and fitted, as above indicated, is a dental practice exempt from the operation of the act, and that such sales and deliveries are legal. This contention is based upon *Winner v. Kadow*, 373 Ill. 192. That case was a suit on a note given for a dental plate. The defense was that the appellant in that case, who was the

payee in the note, was not a licensed dentist. The facts showed that he was the owner of a dental laboratory making and selling dental plates to users who had employed a licensed dentist to take the impression and to fit and adjust the plates. It was thereheld that the transaction was exempted from the operation of the act under the subparagraph (f) of section 5. We do not, however, regard the facts in that case as parallel with the facts in this case, or that case as controlling here.

PRACTICE DEFINED

"Subsection (9) of section 5 of the Dental Practice Act provides that a person practices dentistry, within the meaning of the act, 'Who furnishes, supplies, constructs, reproduces or repairs, or offers to furnish, supply, construct, reproduce or repair prosthetic dentures (sometimes known as "plates"), bridges or other substitutes for natural teeth, to the user or prospective user thereof.' Section 5 further provides: 'The fact that any person engages in or performs or offers to engage in or perform, any of the practices, acts, or operations, set forth in this section, shall be prima facie evidence that such person is engaged in the practice of dentistry.'

"Here, A.A.A. Dental Laboratories, Inc., was not engaged in the manufacture of dentures, as was the appellant in the *Winner* case. It was simply engaged in furnishing and selling dentures to the public, which were manufactured by the partnership. At each location where A.A.A. Dental Laboratories, Inc., carried on its business, it provided, as a part of the organization, constituting the health center, a dentist by whom the impressions were taken, unless the patient indicated he desired to have another dentist of his own selection take the impression. The patients were not the patients of the dentist, they were the patients of the corporation. All the financial arrangements were made with the receptionist as the agent of the corporation. The purchaser never saw

the dentist until after he had purchased the dentures from the corporation. His visit to the dentist, under the direction of the agent of the corporation, was only an incident in the transaction between the purchaser and the corporation. The impressions were taken by the dentist, not for the patient, but for the corporation, at a fixed standard fee, which was collected by the agent of the corporation and by it paid over to the dentist.

"The facts in this case are quite similar to the facts in *Lasdon v. Hallihan*, 377 Ill. 187. That was a suit to enjoin the enforcement of the penalty sections of the Dental Practice Act. It was there said: 'Appellants claim they have a constitutional right to advertise their business and sell their products to the public, subject only that the making of the impressions and the fitting and adjustment of the plates shall be made by a licensed dentist. It is obvious that if they were permitted to thus advertise their business, the practice of the profession of dentistry would, to a great degree, be subservient to the business of those engaged in the making of plates. It is well known that masses of the public do not comprehend or understand the skill that is necessary to the making of proper dentures and the proper charges to be made for such services. Such persons are often attracted by the advertisements of the quack and charlatan and seek his services.'

ILLEGAL PRACTICE

"Under the authority of that case, A.A.A. Dental Laboratories, Inc., was clearly engaged in the practice of dentistry, as defined in section 5 of the Dental Practice Act. It advertised in the public press in violation of section 18b (Ill. Rev. Stat. 1943, chap. 91, par. 72b), which provides that it shall be unlawful for any person, firm or corporation to advertise any amount as a price or fee for services of any person engaged as principal or agent in the practice of dentistry, or any materials used or to be used, or to exhibit or use specimens of

dental work, posters, or other media calling the attention of the public to any person engaged in the practice of dentistry. The validity of section 18b was sustained by this court in *Winberry v. Hallihan*, 361 Ill. 121:

"In several of the ads contained in the exhibit the prices of dentures were given in bold figures. As already observed, the display windows at the entrances to the health centers contained dentures, advertising posters of dentures, and the prices of such dentures. These display windows must be considered in connection with the entrances to the health centers, where the names of appellants appeared on the doors as the names of those engaged in the practice of dentistry in such health centers. This was certainly advertising dentures and the prices therefor in connection with the names of appellants, who were the dentists engaged in the rooms of which the display windows were a part.

"In *Lasdon v. Hallihan*, 377 Ill. 187, we said: 'If the advertisement carried on by the dental laboratories was the medium that brought the customer to the laboratory, and he was sent from there to Dr. Hejna's office, it would, as to, its effect upon the dental profession, be much the same as though he had come to Dr. Hejna's office in an answer to an advertisement of Dr. Hejna's which is prohibited by sections 18 and 18b of this act. If the restrictions of which appellants complain were removed, it would permit licensed dentists receiving patients referred to them by the dental laboratories to do indirectly what other provisions of the act prohibit them from doing directly.'

APPELLANTS GUILTY

"The facts in this case clearly show that A.A.A. Dental Laboratories, Inc., a corporation, was unlawfully engaged in the practice of dentistry as defined in section 5 of the act, and that it advertised in violation of the provisions of section 18b. The record further shows

(Continued on page 23)

NEWS AND ANNOUNCEMENTS

C.D.S. DISABILITY INSURANCE PROGRAM

The special committee that was appointed to investigate various plans for group disability insurance will soon make a final report to the Board of Directors of the Society. A number of proposals have been studied and the chairman, Robert I. Humphrey, states that a decision will soon be made and a definite plan submitted. According to the committee a saving of approximately thirty-three per cent of the annual premium will be possible for the members who subscribe.

The disability insurance will cover the individual for all conditions which prohibit the pursuit of his practice up to the age of seventy years. It is said that fifty per cent of the membership of the Chicago Dental Society will have to subscribe to the program before it can become effective. The committee urges members who are contemplating the purchase of disability insurance to postpone action until the Society has had an opportunity to consider the plan which the committee will recommend.

BRANCH OUTINGS

The Northwest Branch will hold its annual golf outing at the Westward Ho Golf Course on Wednesday, June 20. The course is located on Wolf Road just north of North Avenue. Five dollars will cover the cost of golf, dinner and locker. Make reservations with Chairman Joseph C. Ullis, Spalding 8851.

St. Andrews Golf Club has been selected as the site of the West Suburban outing on Wednesday, June 20. According to E. J. Sullivan, chairman of the Sports Committee, golf, dinner and prizes are included in the \$5.00 charge. If you are interested only in attending the dinner a ticket may be obtained for \$3.00.

DENTAL DEALERS TO CLOSE SATURDAYS DURING SUMMER MONTHS

Dental dealers of Chicago will close on Saturdays from July 7 to and including September 1. This announcement was made by Mr. H. J. Banks of the Chicago Dental Manufacturing Company, who is chairman of the Chicago Dental Dealers' Club. Since this policy was instituted three years ago it has proved highly successful.

MILK INDUSTRY EXPANDS

Milk cow population has shown an uninterrupted growth in the United States for many years except for the period right after the droughts of 1934 and 1936, when feed shortages necessitated heavy slaughters.

Among the states of the Union, Wisconsin leads with over two and one-half million dairy cows. Other states in order are Minnesota, Texas, Iowa, New York, Illinois, Ohio, Missouri and Michigan, each boasting over a million milk cows. The total volume of milk productions, however, is more important. On this score, Wisconsin again leads with over twelve and a half billion pounds of milk a year. Minnesota is in second place with New York, Iowa, Illinois, Michigan, California, Ohio and Pennsylvania, following in the order named.

"The value of milk cows alone on American farms is over \$2,800,000,000," states E. M. Harmon, Director of Public Relations, National Dairy Council. When the value of heifers being saved for milk production is added, the total for all cows and heifers kept for milk production in the United States is in excess of three and one-half billion dollars. This is the amount that American farmers have invested in cows and heifers kept for milk production.

NEWS OF THE BRANCHES

NORTHWEST

Now is the time to bring out those golf clubs and get in a few practice swings in preparation for the annual outing on June 26. We should have a stretch of good weather by then for the skies have dripped far too much this past month. Sports Chairman Joe Ulis and his committee have spent considerable time in planning this event which will take place at Westward Ho Country Club on Wolf Road near North Avenue. Please return the post card sent you for your convenience in making reservations as it is necessary that the committee know how many to prepare for. You are assured of a pleasant day spent in the company of congenial fellows who know the true meaning of hospitality. . . . From experience gathered in previous War Loan campaigns, Casimir Rogalski gained momentum for the Mighty 7th drive and sold over \$11,100 worth of War Bonds. . . . Because Memorial Day fell in the middle of the week we didn't have the usual mass exodus to the country, and most of us, despite our yearning for the wide open spaces, are awaiting the end of the war before resuming normal living. . . . Like his Kenwood friends we are also happy to hear that La Mar Harris has been promoted to lieutenant commander. . . . On leave for 30 days before reporting to Great Lakes, Lt. and Mrs. Gierat left for Florida to see the sun shine and try some deep sea fishing. . . . Bouquets to I. E. Lane whose daughter won a poster contest sponsored by the Chamber of Commerce. . . . Also glad to hear that Edward Ulvestad, son of G. E., won the state pole vaulting championship. Capt. George Jr., another son and a dentist, was at home on leave recently. . . . As an alumnus of the hometown college, J. T. Hanson spent a week visiting at Decorah, Iowa. . . . We are sorry to hear of the death of

Mark Spencer's father. . . Alf Altern on leave en route to Pearl Harbor spent a few days visiting friends. Upon his return to the coast he received the sad news of his father's passing, necessitating another trip back home. . . . Branch members extend their sympathy to Leo and Mrs. Berenson on the loss of their son, an aviator, in the South Pacific.—*Thad Olechowski, Branch Correspondent.*

WEST SIDE

Members of the West Side branch extend their sympathy to the family of Dr. William K. Bingaman of 3638 Ogden Avenue. Death came suddenly on May 28 while he was asleep. Dr. Bingaman's son, Lt. William Jr., had been home on furlough but had left town on May 26, just two days prior to his father's death. . . . George Vogt spent a week entertaining the flu germs at home, but is now in his office again and going along in good shape. . . . We learn that Sam Rakow is back in his old familiar quarters, but is just taking things easy. . . . A. J. Sells and J. S. Vission have returned from a fishing trip at Lake Milelac, Minnesota, where they spent a week trying to get a few nibbles. . . . J. F. Porto is in town after a two weeks' trip down Florida way. He visited such places as Palm Beach and Miami and enjoyed the trip immensely. . . . E. J. Rus has been kept very busy lately with his many duties as branch president. They tell me it kinda makes your hair turn gray, Ed. . . . Michael De Rose spent a couple of days in Kenosha just to get away from the office. . . . Other calls disclose that the boys are all busy getting their fishing equipment and golf clubs in readiness with the hope of enjoying a long and beautiful summer.—*Vincent P. Vivirito, Assistant Branch Correspondent.*

WEST SUBURBAN

The fishing season has opened officially with many of our members quietly easing out of their offices. They are heading for their favorite haunts with all the confidence in the world that they will return with a filled creel. Merle Long says he hasn't gotten serious about it yet but has been satisfied to cast for blue gills at Lake Como on his trips to his home at Lake Geneva. . . . Al Kuncel tried his luck in Lake Superior at Byfield, Wisconsin, and reports a catch of lake trout and whitefish. . . . Robert Greenwood spent some time at Lake Manistique, Curtis, Michigan, fishing for pike and trout with success. . . . Ernest Irish went to Wild Rose, Wisconsin, and says that he had lots of fun but few fish. Ernest's daughter was married on May 5 to an ensign stationed at Pensacola, Florida. . . . Kelly and Mrs. Frakes attended the graduation exercises of their daughter, Joanne, at Stephens College, Missouri. . . . June Question Box Department: Is Joe Lestina right when he says he thinks the war in the Pacific will last 15 or 20 years? What did Frank Hawkins have in the black bag after making a flying trip to Paseyville recently? Does Werner Gresens wear that face mask for sterility or humility? How can we believe all the fish and golf stories we are going to hear during the next few months? . . . Bob Cutlan has been promoted to captain. . . . Capt. K. J. Henson is at an embarkation point awaiting orders. . . . Lyle Filek sends a greeting to Arno Brett from his submarine tender in the South Pacific. . . . West Suburban golf outings will be held on June 20 at St. Andrews Golf Club. Golf, dinner and prizes—all for \$5.00, or dinner reservation only, \$3.00.—*Richard Anderson, Assistant Branch Correspondent.*

ENGLEWOOD

All you so-called golfers take note that on June 20 at the *Navajo Country Club* there will be ONE GREAT BIG GOLF

TOURNAMENT which won't cost anything but a few nickels. In fact the total expense will be only 80 nickels and that includes golf and dinner. If you don't care for golf and want to come for dinner only, it will cost you only 50 nickels. It may be the other way 'round—30 nickels for dinner and 50 for golf but whatever it is, it is a bargain because the gang is planning a lot of fun and prizes. There'll probably be prizes for all, come out and see. Don't forget to call R. C. Van Dam at Pullman 4488 or Walter Laederach at Andover 1880 for reservations as they MUST be made in advance. . . . L. R. Ahner spent the Memorial holiday fishing in Michigan and Harold Hayes at his cabin in Mokense, Illinois. Incidentally, Harold is planning his annual trip to Riverview. . . . Bud Hopkins had ten days of fishing in Wisconsin. . . . Leonard Ryan returned a week ago from London, Ontario, Canada, where he visited his brother. . . . Two of our Englewood boys, Howard Alexander and Leonard Ryan, have entered the annual lawn bowling tournament at the South Shore Country Club. We expect good results as we understand they are of championship caliber. . . . It was nice to see Lt. E. R. Lindholm, home on leave from Alabama, at our last meeting. . . . Ray Anderson, discharged from the Army, is back in civilian clothes and ready to resume practice. . . . Capt. John L. Manning writes from Italy that he is feeling fine and expects to be home next fall. . . . Before George Knapp left for California he was the honored guest at a dinner given at the University Club by a group of old friends. . . . Remember to make your reservations for the Golf Meet with either R. C. Van Dam or Walter Laederach so you will be assured of a good dinner and plenty of room to swing your golf clubs.—*Frank J. Hospers, Assistant Branch Correspondent.*

KENWOOD-HYDE PARK

Word from Herb Dangremond tells us that he is taking a course in the latest

phases of dentistry at MacDill Field, Tampa, Florida. . . . Bill De Larye was in Chicago recently after doing his bit at Hell's Corner in the Pacific. . . . Joe Scudder was another recent visitor from the Pacific Battle Zone. . . . Arnold Frisch has been honorably discharged from the Army and has relocated at 1525 East 53rd Street. . . . John McBride has forsaken his bachelor days and taken unto himself a southern belle as a bride. Capt. and Mrs. McBride are residing in Biloxi, Mississippi. . . . Sig Carlson, just back from Florida, leaves the latter part of this month for New York to witness the commissioning of a ship by his brother, Chaplain Carlson. . . . Has anyone noticed Syl Cotter's dialect of late? Syl is taking an extensive course in Swedish. . . . Our wandering Les Boyd gave the Indianapolis boys a few tips on the finer points of partial denture construction a couple of weeks ago. . . . We note with sadness the passing of Duncan P. Robertson, a former member of Kenwood-Hyde Park. . . . Please contact any of the following members for tickets to the golf outing to be held on June 27 at Navajo Country Club: Chet Blakeley, Louie Christopher, Syl Cotter, Elmer Ebert, Harry Hartley, Ben Herzberg, Willard Johnson, Michael Levin, Scotty Morange, Cliff Randall, Grover Schubert. If you need transportation call Elmer Ebert at South Chicago 1823.—*Willard R. Johnson, Assistant Branch Correspondent.*

NORTH SIDE

Attention: All you dentists: Call Bill Young, Wellington 4411, for reservations for the big golf outing and dinner June 27, at Briargate Country Club. . . . Now speaking of calls, I had a telephone chat with Dan U. Cameron the other day. All of you remember Dan. He told me his youngest son, Major Barton H. Cameron, is the Base Adjutant at Bocaraton Air Base, Florida. Major Cameron has been in service since the war started. Another son, Lt. Commander Gordon Cameron, who has been in the Pacific

Theatre, is now stationed at the Green Cove Air Base, Jacksonville, Florida. Dan says that although he has four sons not one turned out to be a dentist. . . . Capt. Roger Stockton, who has been in New Guinea, is now receiving his discharge from the Army. . . . Capt. George Haberline came home the other day from the Pacific for a twenty-day leave, and is wearing one of those Australian mustaches. . . . Edmund Kirby tells me that his baby will be six months old June 9, and as a proud dentist's child is sporting two new teeth. . . . After serving his country for four and one-half years Capt. Robert C. Pond is leaving the Army to resume his practice at his former location in the Uptown National Bank Building. Capt. Pond has a son one year old. The charming Mrs. Pond was formerly of Birmingham, Alabama. They are at home, at present, with Dr. and Mrs. Darwin B. Pond, Capt. Pond's parents. 1st Lt. Darwin B. Pond Jr., a brother and a Marine, is on Okinawa. The latter has had some great experiences. . . . A. J. Ahmann, who has been ill for the past three weeks, is now recovering satisfactorily, and will be back in his office in a few days. . . . A. L. Boman's destination is Northern Wisconsin to catch the big ones. . . . Robert Riemer has moved his office from the Medical and Dental Arts Building, to the Pittsfield Building. Bob's office is a "honey," and he says he really enjoys his surroundings. . . . Julius Fern has moved to his summer home at Edgerton, Wisconsin. He had Walter Mayland as his guest over Memorial Day. . . . 1st Lt. Carlton Treat, Walter Mayland's son-in-law, has returned from eighteen months of service in Alaska and the Aleutian Islands. . . . Carl Halle was a visitor in Minneapolis a few days ago. Carl's trip was partly business and partly pleasure. . . . Herbert Boman's son Robert came home a few days ago on a thirty day leave. Robert has really been traveling around—last station was in Egypt. . . . The North Side branch extends deepest sympathy to Chester Ihle in the loss of his son. . . . Munger Hodgman visited the old home town of

Princeton, Illinois, to do a bit of reminiscing. . . . Joe Cox is taking a week off from office duties. (Do you suppose he's going to do some work around the house, too?) . . . Don't forget to call Bill Young. Let's make our annual golf day another red-letter day for the North Side Branch. . . . N. M. Elliott, on his recent trip west, with the Bosworth study group visited with Lt. Harry Denen at Corpus Christi, Texas. Harry said "Hello" to all the boys. . . . W. G. Burkhardt with a half dozen members of the Research Club went to Minnesota for a week. They report *fine* fishing and a wonderful time. . . . August Swierczek spent Memorial Day and the week-end at his summer place at Grand Junction, Michigan. . . Stanley and Dr. Livingston had nothing on two Chicago naval dentists who met recently in the southwest Pacific. One of the dentists, Lt. Cmdr. Clifford H. Stentz of 432 N. LeClaire Ave., traveled 16,000 miles by land, sea and air to catch up with the other, Lt. James S. Harris of the Sovereign Hotel, to relieve him. A Marine Corps combat correspondent reported yesterday that Comdr. Stentz moved from Camp Perry, Virginia, to the West Coast, and thence through the Central, South and Southwest Pacific before he finally overtook Lt. Harris. While on the search, his transport took part in the invasion of the Philippines and Iwo Island.—*Russell G. Boothe, Branch Correspondent.*

NORTH SUBURBAN

While Jim Fonda was in Florida (he really is back now) he had a short visit with former North suburbanite Abram Hoffman. He says that Dr. Hoffman is in the best of health and that he keeps himself busy with taking care of his yard

and working on his boat. . . . Jim Pearce and his family will take advantage of the break in his teaching schedule to visit his parents in Arkadelphia. . . . Dean and Mrs. Freeman will visit their son, Lt. Arthur at Camp Robinson, in Little Rock. . . . Arne Romnes' trip to his home town, Stoughton, Wisconsin, was occasioned by the death of his father, who passed away suddenly after a brief illness. . . . The fishing season seems to be getting pretty well under way now. Al Bushey, along with a few friends and their sons, went on a fathers and sons expedition to Wisconsin. Dick and Mrs. Smith are near Phelps, Wisconsin, where Dick always hopes to engage a muskie in mortal combat, and usually does. . . . I. A. Smothers got out from under the feet of the decorators and spent four days at Excelsior Springs, where he used his time for bathing, eating and sleeping. . . . Eugene Stearns is leaving soon for a short vacation. My notes don't say what for but almost everybody else is fishing so I suppose he is too. . . . Zenas Shafer fished over the weekend. His excuse was that he wanted to escape the stresses and strains of moving his office. That is hard work. I know because I moved last month and I'm still tired. The third mover in the Carlson Building this season is Jim Carter, but he doesn't look very tired to me. . . . The story about ending sentences with prepositions recently printed here brought forth this: A young executive expressed vigorous disapproval to this type of sentence structure, in a conversation with his secretary. The next morning he found this note on his desk. "Ending sentences with prepositions is a thing up with which we absolutely will not put."—*Waldo O. Urban, Branch Correspondent.*

SUPREME COURT UPHOLDS LICENSE REVOCATIONS.

(Continued from page 8)

that appellants were professionally connected and associated with said corporation in violation of the act.

"The record further shows that appellants were guilty of improper and unprofessional conduct in maintaining their offices and engaging in the practice of dentistry on the premises where dentures and posters pertaining to dentistry were unlawfully displayed and exhibited in the front windows, in violation of said section 18b of the act. As a matter of fact, this charge is not denied. As said in the *Lasdon* case, if the advertisement of the A.A.A. Dental Laboratories, Inc., was the medium that brought the patients to the health centers and they were then sent to appellants, the effect upon the dental profession would be the same as if the patients had come to the offices of appellants as a result of like advertisements published by appellants. The record shows that the whole scheme was a deliberate effort to evade the restric-

tions on advertising, prescribed by the Dental Practice Act."

In the trial of this case in the Circuit Court over which Judge John Prystalski presided, the Department of Registration and Education was represented by the Honorable George F. Barrett, Attorney General of the State of Illinois. Mr. James A. Howe of the Attorney General's staff argued the case in court. At the hearings before the Dental Examining Committee the Department was represented by Mr. John F. Tyrrell and Mr. Bernard P. Barasa, Jr. Director Frank G. Thompson ordered the licenses of the four dentists revoked on May 5, 1944, upon recommendation of the Dental Examining Committee.

The officers of the Chicago Dental Society have expressed deep appreciation to Attorney General Barrett and Director Thompson for the thorough and effective way in which this case was prosecuted.

Classified Advertising

FOR SALE

For Sale: Harvard dental unit, operating light, dental engine, S. S. White operating chair, dental chair, dental cabinet, sterilizer and stand, ceiling light, waste receptacle. Mahogany finish. \$350.00. Call Franklin 1680.

WANTED

Wanted: Ethical man to take over practice of dentist confined to sanatorium. No money necessary. West Side location. Address F-6, The Fortnightly Review of the Chicago Dental Society.

SURPLUS DRUGS WARNING

The Board of Control of the National Wholesale Druggists' Association issued a recent warning regarding the indiscriminate release of enormous quantities of surplus war supplies of potent medicine and drugs. According to E. Allen Newcomb, secretary of the Association, he saw several thousand bottles of hydrogen peroxide which had evaporated to such an extent in government storage that the antiseptic qualities of the fluid had been lost. He cited the sale of condemned ether after World War I that was blamed for several deaths.

Mouth Hygiene

Is anything more important? Many of the Profession agree with us that there is nothing — therefore prescribe the Dr. Butler Brush exclusively. It is a proven fact that it will do the job.

Vacation Announcement

Our Dental Laboratory will be closed from June 30th to July 9th.

Under the circumstances it would be very difficult to operate with a reduced force during the usual vacation period. We feel that you will be less inconvenienced this way, and at the same time our employees will have a full week's vacation with a minimum loss of working days.

CASSILL PORCELAIN LABORATORY

3503 Pittsfield Tower

Central 0557-8

SMILES, Inc.
with its **ADVERTISEMENTS** in the
Chicago TRIBUNE,

with its planned ability
to lift the
OVERLOADS
from your shoulders,

CAN HELP YOU
to make a lot
MORE MONEY
every month
every year

Unobtrusively, pleasantly, ethically . . .
SMILES advertising takes up the cudgels for
dentists.

It does, famously, the things that A DENTIST
can never do for himself.

It is TODAY smoothing out the years ahead;
to keep up your income, your PROFITS, in
any troubled after-the-war years.

It is TODAY enabling dentists to increase
and to DOUBLE their business when they
had believed they were operating at top
efficiency.

THEY TELL THEIR PATIENTS . . .

After they have made their examination,
their diagnosis, after they have told them
their FEE . . . they tell their patients this:
"You can pay for your dentistry: 'cash-in-
FULL' . . . OR . . .

**Would you let them
slowly go to
pieces?**

It's so EASY to let our teeth grad-
ually go to pieces. We feel warning
signals: rough tooth edges; a shooting
pain when drinking cold or hot; a
dull ache. Sometimes we still delay.
Decay doesn't. It plods along destroy-
ing teeth. We say "I'll see my dentist
next month; can't afford it now." Yet
each month you stay away, decay digs
deeper. Don't wait. You needn't.
Have your teeth ALL fixed now.
Phone your dentist today.

ASK your dentist how to get COMPLETE
dentistry NOW . . . ask to PAY out of
income, the SMILES way . . . over a year,
with NO down payment . . . FIRST pay-
ment in 30 days.

Smiles, Inc.

" . . . if that is troublesome, you can still
have all this dentistry you need, and pay for
it the SMILES way . . . pay for it out of
income, over a year if you like . . . in SMALL,
easy, MONTHLY payments . . . with NO
down payments . . . and your FIRST payment
not due until 30 days."

THEN . . .

In the privacy of their own office, they clinch
the sale pleasantly, ask the patient to sign a
SMILES contract, and they mail it to us.
They get the bigger, better jobs. They start
the work at once and complete it.

THEY get PAID IN ADVANCE.

Start using the SMILES system regularly,
constantly, for it helps you to "get rich," to
make and keep MORE money.

Smiles, Inc.

25 E. Washington St., • Chicago 2, Ill. • FRA. 1593

We have made the following arrangements with the Chicago Dental Society: Whenever a patient
calls us asking for a dentist, we contact the Society and they furnish us the names of three members,
selected in rotation according to the Postal zone. We will then give these names and addresses to the
patient. No recommendations are made by the Chicago Dental Society or by Smiles, Inc.

VACATION ANNOUNCEMENT

OUR LABORATORY WILL BE CLOSED
JUNE 30 to JULY 9, 1945

In the interests of the dental profession, Standard Dental Laboratories will be closed for one entire week.

FROM JUNE 30, 1945
TO JULY 9, 1945

By closing the laboratory for one entire week, we will be able to provide vacations for all our employees simultaneously. There will be less inconvenience to our customers than would be the case if our technicians were absent, at various times, during the summer months. Through this plan, we will be able to improve deliveries on finished work and will be able to maintain a better service during the entire vacation period.

We will be very grateful to you for your cooperation.

TRUBYTE *New Hue*

PIN PONTICS FOR STATIONARY BRIDGEWORK

The root-ends of Trubyte New Hue Pin Pontics are readily adaptable to either socket-insertion or saddle-type bridges.

Whether the bridge be of the root-insertion or saddle type, only highly glazed porcelain contacts the tissues.*

This assures cleanliness and healthy stimulation of the gums.

An interesting Technic and Mould Book illustrating the Restorative Possibilities of Trubyte New Hue Pin Pontics will be sent on request.

*For saddle-type bridges, slight grinding is usually required to adapt the root-end to the ridges.

COPALITE is a convenient and highly efficient intermediary varnish and dentinal tubuli seal. Used under fillings, inlays, crowns and other restorations, it provides **PROTECTION** and insulation.

Its extremely thin coating occupies practically no space, yet it forms a **STRONG** joint between restoration and dentine. It penetrates, fills and seals the tubuli. It is soothing, germicidal, resistant to thermal shock.

The use of Copalite assures longer lasting, stronger, more serviceable restorations. Formula of Dr. Ralph C. Cooley. A package — enough for 500 applications, costs little more than 1/2c per application.

Austenal

MICROMOLD TEETH

THE ONLY TEETH WITH
THIS STRONG, MOLDED
INTERPROXIMAL
RETENTION

Here's the real story of the new Molded Interproximal Retention used on Austenal Teeth.

This scientific principle of retention has advantages not possessed by any other form of retention.

It has proved its strength and security of retention in many thousands of practical cases.

It provides a more natural lingual. This advantage to the patient is alone sufficient to justify its universal acceptance by the profession.

The advanced Micromold Process of making teeth makes possible this stronger, more secure method.

No extraneous metal parts are needed, which in itself is a vast improvement over the conventional retention.

Staining can be done more esthetically and adding-on more easily.

The Molded Interproximal Retention is **EXCLUSIVE** with Austenal Teeth.

American hands . . .
competent, sure, deft hands . . .
doing precision restorations for DENTISTS
who want precision restorations

It's time to play golf . . . *if you've got time . . .*
but if a *replacement* or two, or three
didn't fit

Doctor, friend of ours, that's TROUBLE!

When things *pile up* in your office . . . when there isn't *half enough* time to do the things you've pledged to do . . . when you've got to call up your foursome to tell them: "I'll see you NEXT Wednesday; I hope you choke; I've got to work today."

* * *

Are *replacements* ever responsible for such in your office?

Do *you* have to fiddle and fuddle with them? do you *ever* have to send them back for a make-over? do *you* have to "adjust" them to make them fit down *comfortably* with no pressure, with no hurt, with *no* high and *no*

low spots? Do you *ever* get shiny replacements that are *dressed-up* dudes?

If *those* are your troubles at intervals . . . they'll *waste* your time! *hours* of it at intervals! *weeks* of it in total! and every hour they waste for you you could have used to earn ten, 20, fifty dollars . . . you *could* have played golf with the three incomparables.

* * *

Why don't you use *American Service*?

You'd make *more* money. For, *American* replacements are the *very finest* we know how to make. They *look good* and they *fit comfortably* with precision, to *save your time*, to satisfy your patients completely . . . that you may make more money.
